Contra Dancing is New England style folk dancing to live music of Celtic jigs and reels and a dance caller. The dance form is long lines or a continuous circle of partners. **All dance calls are taught prior to each dance.**

Contra dancing is great for exercise, stress release, making new friends and having FUN. Because contra is a lively mixer with everyone dancing with each other – a partner is not required. Observers are also welcome at no cost. Come join us and leave smiling!
